

IN THE CLAIMS

Please amend the claims as follows:

1. (Currently Amended)      A device configured to receive an electronic program guide, said~~An electronic program guide (100)~~ comprising:

a channel list ~~(105)~~ of available channels; and

a program list ~~(110)~~ of programs which is displayed concurrently with said channel list ~~(105)~~ in response to selection of a selected channel from said available channels, said programs being exclusively associated with said selected channel, wherein said channel list is provided in response to accessing said electronic program guide, and both said channel list and said program list are provided in response to accessing said programs list.

2. (Cancelled).

3. (Currently Amended)      ~~The electronic program guide (100) of device as claimed in~~ claim 1, wherein said program list ~~(110)~~ includes times associated with said programs and/or an identifier ~~(125)~~, said identifier ~~(125)~~ including a current time and/or said selected channel.

4. (Currently Amended)      ~~The electronic program guide (100) of device as claimed in~~ claim 1, wherein said electronic program

~~guide~~ further ~~comprising~~ comprises an information list ~~(130)~~ which ~~is displayed~~ concurrently with said channel list ~~(105)~~ and said program list ~~(110)~~, said information list including data associated with said selected program, said data including description, rating and/or repeat indication of said selected program.

5. (Currently Amended)      ~~The electronic program guide (100)~~ of device as claimed in claim 4, wherein said information list ~~(130)~~ is displayed in response to selecting a selected program from said programs, or in response to activation of an open switch ~~(135)~~ while a cursor highlights said selected program.

6. (Currently Amended)      ~~The electronic program guide (100)~~ of device as claimed in claim 1, wherein said program list ~~(110)~~ includes a reminder switch ~~(150)~~ configured to set reminders for said programs, and/or a theme switch ~~(155)~~ configured to open a theme menu, said theme menu including information categorized by themes for said available channels and/or said selected channel.

7. (Currently Amended)      ~~The electronic program guide (100)~~ of device as claimed in claim 1, wherein said device further ~~including~~ comprises an interface to ~~navigate~~ for navigating through said electronic program guide ~~(100)~~, said interface including at least one of:

an open switch ~~(135)~~ configured to open menus including said program list;

a close switch ~~(140)~~ configured to close menus including said channel list and said program list; and

a help switch ~~(145)~~ configured to open a help menu, said help menu including help information related to use of said guide and/or a controller ~~(200)~~ of said electronic program guide ~~(100)~~.

8. (Currently Amended) The ~~electronic program guide (100)~~ of device as claimed in claim 7, wherein said controller ~~(200)~~ is a remote controller.

9. (Currently Amended) The ~~electronic program guide (100)~~ of device as claimed in claim 7, wherein said controller ~~(200)~~ includes a switch ~~(240)~~ to access said electronic program guide ~~(100)~~, an up switch ~~(205)~~; and a down switch ~~(210)~~; said up switch ~~(205)~~ and said down switch ~~(210)~~ being configured to respectively scroll a cursor up and down said channel list ~~(105)~~ and/or said program list ~~(110)~~.

10. (Currently Amended) The ~~electronic program guide (100)~~ of device as claimed in claim 9, wherein said up switch ~~(205)~~ and said down switch ~~(210)~~ are configured to scroll by pages.

11. (Currently Amended) The ~~electronic program guide (100)~~ of device as claimed in claim 9, wherein said up switch ~~(205)~~ and said down switch ~~(210)~~ are configured to respectively move said

cursor to a top or a bottom of said channel list (105) and/or said program list (110) and thereafter scroll by pages.

12. (Currently Amended) The ~~electronic program guide (100)~~ of device as claimed in claim 9, wherein said up switch (205) and said down switch (210) are respectively configured to singularly move said cursor up and down entries of said channel list (105) and/or said program list (110).

13. (Currently Amended) The ~~electronic program guide (100)~~ of device as claimed in claim 7, wherein said controller (200) includes a right switch (225) and a left switch (230) configured to move said cursor between said channel list (105) and said program list (110).

14. (Cancelled).

15. (Currently Amended) A controller (200) ~~configured to control for controlling~~ an on-screen display of an electronic program guide (100), said controller (200) comprising an access switch (240) ~~to access for accessing~~ said electronic program guide (100), and navigation switches ~~to navigate for navigating~~ through said electronic program guide (100), said electronic program guide (100) comprising:

a channel list (105) of available channels; and

a program list ~~(110)~~ of programs which is displayed concurrently with said channel list ~~(105)~~ in response to selection of a selected channel from said available channels, said programs being exclusively associated with said selected channel, wherein said channel list is provided in response to a first activation of said access switch, and both said channel list and said program list are provided in response to a second activation of said access switch, or in response to activation of a program switch of said controller.

16. (Cancelled).

17. (Currently Amended) A processor ~~(330)~~ programmed to operate a display monitor; ~~—, said processor (330) being configured to perform the act—~~ acts of:

receiving an electronic program guide ~~(100)~~;  
displaying a channel list ~~(105)~~ of available channels; and  
displaying a program list ~~(110)~~ of programs concurrently with said channel list ~~(105)~~ in response to selection of a selected channel from said available channels, said programs being exclusively associated with said selected channel, wherein said channel list is provided in response to accessing said electronic program guide, and both said channel list and said program list are provided in response to accessing said programs list.

18. (Currently Amended) A method of navigating an electronic program guide ~~(100)~~ comprising the act of:

- displaying a channel list ~~(105)~~ of available channels; and
- displaying a program list ~~(110)~~ of programs concurrently with said channel list ~~(105)~~ in response to selection of a selected channel from said available channels, said programs being exclusively associated with said selected channel,

wherein said channel list is provided in response to accessing said electronic program guide, and both said channel list and said program list are provided in response to accessing said programs list.
